ISSUE 7 May 2017

Chairman's Chat

All change at the Bob Lucas Stadium then and just when it looked like Jason Matthews would be remaining in the Weymouth Managers hot seat, he left the club despite a couple of cameos in goal and winning the Dorset Senior Cup.

Just when it looked like a name we had no previous experience of might come in, the final game of season was preempted with an announcement that Mark Molesley had been appointed and would be the man tasked with taking the club forward.

We would like to put on record our good wishes to Mark and his new coaching team. May three points be a regular weekly reward for them. *Joe*

Editors Viewpoint

Welcome to the Managers hotseat to Mark Molesley. I am sure I was close behind you in the interview and selection process!!! Maybe !

Everyone who supports Weymouth Football Club harbours an ambition to be the Manager one day and I was handy at "Football Manager" on the Spectrum back in the 1980's...

In all seriousness, aside from the trepidation I see online about the number of players we have managed to get signed so far, the signs I see are positive and the level of professionalism you get from an interview with the Prodomo brothers is enough to get me asking the question which will dominate the forum for the coming weeks... "When's the fixtures out?" !!

Please send your pieces for contribution to weymouthfcsa@gmail.com James

EARLY INDICATORS

The early indicators are that Mark Molesley will be a successful Weymouth Manager.

Hard to say without a match being played during the season so far, of course. But if the way he has appointed his coaching team and approached his media duties is anything to go by... then we are in for a treat.

We have had great expectations before as supporters, many of which haven't been met. So why should we be this confident at this stage?

No reason. But as a club we can't keep appointing the wrong man and signing the wrong players.

Mathematically we have to get it right some time soon!

So, tongue in cheek this piece may be but let's be loud, proud and positive and start by sending the green and white lot home beaten in that friendly !

What's in Store ?

<http://www.shop.weymouthfootballclub.co.uk/>

You can currently buy next seasons WFCSA membership online from the official website club shop.

This is a great way to support the association and aid them in the work in and around the club.

We are getting close to placing orders for next seasons stock of kit and clothing so please keep an eye on both the website and the club shop link for more information.

We remain keen to hear from supporters as to what they would like to see both online and in store, so don't be shy.!

If you want a re-stock of garden gnomes (despite Yetti leaving!), you should tell us !

Pete

#TERRASCOMMENT—Ryan Asman ... www.theterras.com

Firstly, I would like to thank everybody for their kind comments and the generally fantastic response to the new club website. It has been extremely pleasing to see and hear so many people enjoying the direction we have gone with it. I took over the website towards the end of the December when Mark decided to take a step back from his responsibilities and I would like to thank him for the hard work he had put into the website during his time running it; it is only since taking on the site myself that I can really appreciate just how much he had to do!

We decided to push the new website earlier than was originally intended; we felt it was vital that the club needed a site which could interact with social media a lot easier and a site which we could push content, news and press releases out to the fans quicker, I hope you have been enjoying the benefits of this. The site is still in its early stages and there is lots going on behind the scenes so it's a case of watch this space for things we have planned and new features.

The social media team of Josh, Adam and Ben have done a great job helping me come up with ideas and seeing these through, their matchday updates are invaluable for exiled fans like myself. The midweek matters feature has proved very popular with fans and this is something we look to continue over the summer. We are also currently restoring the older seasons data and news articles, please bear with us on this because it is a long process!

As for next season, we are confident that we will see a return of the match video highlights on the website, something I sure everybody will welcome. We have a media day planned with Mark and the rest of the squad during pre-season where will be gathering lots of content to get you excited for the new season.

If anybody has any ideas they would like to see on the website or can think of anything which may improve the experience, please let me know, I'm always willing to listen and can be contacted at: ryan@theterras.com
